OME PLANTATION NEWS

FROM THE STRANCER.

The Way White Plantation Employes View the Labor Situation Here When They Are Abroad.

The following is taken from the Seattle Post-Inteiligencer of a late date. While Mr. Hamiin is not probably as well known as in Canada, some of his old friends here will read his opinions on plantation matters in Hawaii with much interest. They are as follows:

W. B. Hamlin, a sugar planter of Eawall, is at the Scattle. He is en conte to Toronto, Canada, where he was born, to pay the first visit in twenty years.
"The sugar output of the islands this year will be large," he said last night,

and will show an increase over any "Yes, we are having some trouble with labor on the plantations just now. Some of the large planters are talking of bringing negroes from the United States. Yes, agents have already been sent to the South to get as many

"The great trouble with the Japane is that since the labor laws has changed they want more money tha they can earn. They are slow and mouly worth little more than half who a good man is. It is not a question of wages with the planters; it is to go their work done in season at a reason

ble price.

"Hawaii is becoming greatly overrun
with Japanese, and this movement is
the first step in directing the sugar
planters' forces against them. It the
Islands were rid of this class of people we would be much better off, so far labor conditions are concerned."

A Minister's Good Work.

"I had a severe attack of bilious col ic. got a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy, tool two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan-"My neighbor across the street was sick for over a week, had two or three without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged morning. He said his bowels were in a terrible fix, that they had oeen running oft so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colle, Cholera and Diariome and brought him my bottle and g ve him one dose; told him to take utes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all dealers and drug-gists. Benson, Smith & Co., general agents, Hawaiian Territory.
